Dear Dr Dr. Mubarak Mubarak,

Journal of Vector Borne Diseases has received your manuscript entitled "Effectiveness of Repellent from Patchouli (Pogestemon Cablin) Varieties of Southeast Sulawesi Against Aedes aegypti" for consideration for publication. The reference number for this manuscript is "jvbd_38_22". Kindly quote this in future correspondences related to this manuscript.

The manuscript is being reviewed for possible publication with the understanding that it is being submitted to ONE journal at a time and has NOT been published, simultaneously submitted, or already accepted for publication elsewhere either as a whole or in a part.

Online submission of this article implies that the corresponding author has written consent from all the contributors to act as the corresponding author.

All contributors are requested to send the **Digital Copyright Agreement Consent** within 1 week. The status can be viewed in the 'Manuscript Information page' from your area. The decision about the manuscript will be conveyed only on receipt of the agreement on copyright form received from all contributors.

High-resolution images are required at the time of acceptance, you should be notified separately for the same if images uploaded by you are not of printable quality.

The Editors will review the submitted manuscript initially. If found suitable, it will follow a double-blinded peer review. We aim to finish this review process within a short time frame, at the end of which a decision on the suitability or otherwise of the manuscript will be conveyed to you via this system.

During this process, you are free to check the progress of the manuscript through various phases from our online manuscript processing site <https://review.jow.medknow.com/jvbd>.

We thank you for submitting your valuable work to the Journal of Vector Borne Diseases.

Yours sincerely,

Editorial Team

Journal of Vector Borne Diseases

Dr. Mubarak M. Sc <mubarak@uho.ac.id>

Dear **Dr. Mubarak Mubarak**

Congratulations! This is to confirm that after scientific and technical evaluation, the above mentioned manuscript has been finalized and accepted for publication in The Egyptian Journal of Chemistry.

Your accepted manuscript will now be transferred to our production department and work will begin on the creation of the proof. If we need any additional information to create the proof, we will let you know. If not, you will be contacted again in the next few days with a request to approve the proof and to complete a number of online forms that are required for publication.

I will be your contact person during the production process of the paper towards the final publication on the web (<http://http://ejchem.js.iknito.com>) and on paper (in the printed-on-paper issue).

Proofs will not be sent to you before at least a two-month period.

Thank you for submitting your work to our journal.

Truly yours,

Editorial Office of **Egyptian Journal of Chemistry**

Dear **Dr. Mubarak Mubarak**

Your manuscript has obtained major revisions. In this case, we normally treat it as unacceptable for publication. However, as numerous editorial errors have pointed out by the reviewers, the Egyptian Journal of Chemistry editor believes that the manuscript could be rectified and prepare for possible publication.

Please let us know your views in this regard and in the case of positive response, reply us within 7 days time.

Truly yours,

Editorial Office of **Egyptian Journal of Chemistry**

Reviewer Comment For Author:

There are no biological test to approve the potential activity of Patchouli extract, so, Authors needs to test the larivicial and repellent potential for Aedes Aegyptica vector, and not only assuming that the extract has potential activity towards mosquitos.
